About This Game

Be clever, be quick – and show no mercy.

Beyond the veil of this world, there is a chain of strongholds that were once built to keep the horrors of the void at bay. And now the monsters are returning from the depths to conquer and kill: only you can stop the monsters before they break through to the everyday world. Choose your hero and defend the silent forts: use, rebuild and improve those ancient traps and magical machines.

Deathtrap is a Tower Defense game with strong action-RPG elements, a game of vicious tricks, killing machines, rotating blades and splattering blood.
